

# Make a small 09FLP Rev 0.3 and Rev 0.9

**First read the file '09FLP add 3" jumper.pdf'!**

If you not have the Rev: 1.0 print, no worry you can make it smaller.  
To do this use right angle 34pin and 50pin connectors.  
If you don't want to change the 50-pin connector.

You can use a different FD cable, like this one:

Continue reading the 'Small 09FLP v2.pdf' for mounting the 34 pin connector.
